## QUARTER-IN-THE-SLOT GOLF GAMES THE NEW YORK GIANTS---CAN THEY COP THE SERIES? TWO FORMER CUP WINNERS MEET TODAY

mittee, and the player having the best score against bogey given all the money in the machine.

The beauty of this system is that players can have as many tries at the pot as they have quarters to spare, and that even if they have a poor match in prospect, they can always have the fun of playing in the sweepstake competition. An odd part of the machine game is that men who make poor scores are trying to better them up to the very last day of play, while men who come in square or up on the colonel early in the month get the notion that they can do even better, and keep on fattening the pot with quarters. No one is under obligations to tell how he stands, and it's surprising how many players will be on hand to hang round the committee table when the box is opened and the thirty or forty dollars of small change handed to the lucky winner.

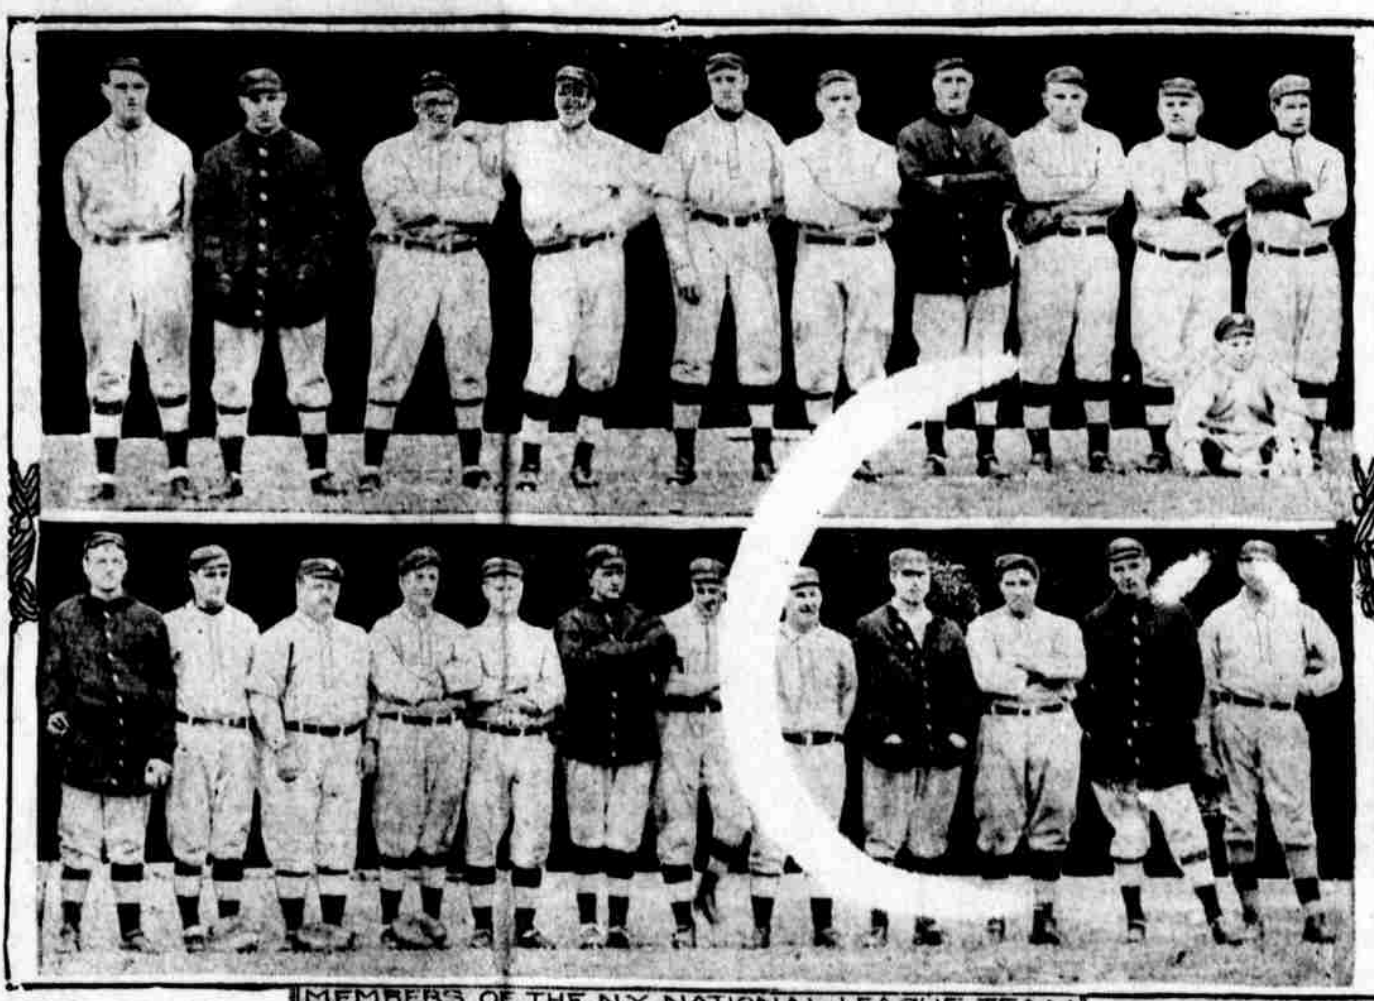

### Silent Newsboys.

There are more newsboys to the lineal yard of sidewalk in Honolulu than in any other burg in the world. Walk down Fort street from Hotel to King at 3 o'clock any afternoon, and you have to brush them off like flies. But there is one thing that saves a situation that would otherwise be unpleasantly ultra metropolitan. All the newsboys are near-dumb. They whisper the names of the two afternoon papers to you, and some of them have added the words "second edition" to their vocabulary.

I bought a paper from a Chinese boy who stood about knee high to a bowl of rice one afternoon. A story of unusual interest had broken that day, and I asked the little fellow journalist why he didn't call it out and sell more papers.

"No talk loud," he replied. "If call 'em out Hawaii boy make my face shamed."

So we have to thank the Hawaiian character for the comparative peace of the city streets. One yelling fiend to a block is bad enough, but forty to the block would drive us all to the madhouse.

MEMBERS OF THE N.Y. NATIONAL LEAGUE TEAM

### ST. LOUIS HAS STRONG ELEVEN

Said to Be Fastest Team in Grammar School Soccer League.

The Grammar School Soccer League starts its season next week, and all the teams are preparing for the coming series. Much interest is shown by the boys of the different schools in the city this year.

There are five teams in the league, and among them is the Kam eleven. Many of the players who were on the championship team have reached the age limit—seventeen—and so will not be seen in the Grammar league this year. In spite of this, enough new material has been gathered together to form a strong team, which will make the other aggregations work some to get goals.

The St. Louis team, which gave the Kams the hardest rub last year in the soccer series, is said to be the strongest bunch on the field this year, and the boys are confident that they can give the Kams a run for their money.

Last year the Kams played seven and won all, which was a remarkable record. If the Saints can repeat this season they will certainly be wonders. Mr. Loomis is in charge of the Grammar School Soccer League this year, and has become popular with the athletes of the different schools. Most of the games will be played at Makiki grounds and at the Kam field.

The Kam team is captained by Frank Shipman, and among others sure of places on the team are A. Mitchell, George Bush, E. Akana, H. Bertleman, A. Correa and J. Kaoni.

### HAMAKUA PLAYER IS CHAMP AT HILO

(Special Bulletin Correspondence.) HILO, Oct. 17.—Eugene Horner, the Hamakua player, yesterday afternoon became the champion of this island by defeating Dr. Fred Irwin after three hard-fought sets by a score of 6-3, 6-2, 6-4. Horner lost only a single one of the games he served. His mercilessly correct play told the story, as usual.

Mrs. Bartels and Horner challenged Mrs. Patten and connex, the winners of last season's tournament and the holders of the cup, and defeated them by a score of 6-2, 6-4.

The tennis club will have a meeting next Saturday at 4 p. m. to elect new members and to take up other business. It will be held on the courts, unless it rains, in which case it will take place at Harry Irwin's office. It is probable that it will be decided to hold a handicap tournament some time during the New Year season, for members only. The players will probably be divided into three classes, much on the basis of the results of the tournament which has just ended.

The New York Giants this season are one of the greatest teams in the history of baseball, and if Pitcher Marquard had been in form all the time, should have won three out of the first four games. The players in the group above are as follows: Left to right, top row—Snodgrass, Herzog, Doyle, Ames, Devlin, Wilson, Wiltze, Crandall, McGraw, Devore; bottom row—Mathewson, Hartley, Robinson, Paulette, Murray, Fletcher, Backer, Latham, Merkle, Meyers, Marquard, Faust.

### FOOTBALL ON AT PUNAHOU

The Oahu College boys have been spending the last two weeks in football practice, and the game yesterday between the Juniors and freshmen against seniors and sophomores showed the result of their work. The latter won, 3 to 0. There is some talk of a return match being played between these two teams, but the chances are that the seniors will not come through. The senior class team contained six of last year's football team, and this helped to make the team a strong one.

The boys will now turn out for regular practice in preparation for their games with the College of Hawaii and probably the Highs. Coach Ricker is out every afternoon with the players and he is watching the candidates. It is likely that Punahou will not play soccer with the Kams on account of the latter institution not putting up a football team to tackle them.

### HAUGHTY WHITES HARD PRESSED

As usual, sports are in full swing out at Kamehameha Schools, and the color series is the attraction at the present time, with the interclass soccer series also interesting.

After the Whites were given their first defeat Wednesday, by the awful score of 18-3 in a baseball match, the other two teams have taken a new grip and are out to keep the Whites from winning.

The standing of the two series, up to date, is as follows:

Interclass Soccer Series.				
	P.	W.	L.	T.
Seniors	3	0	0	3
Juniors	3	2	0	1
Seventh Grade	2	1	0	0
Sixth Grade	2	0	1	1
Fifth Grade	2	0	1	1

The Juniors are now leading the series, and they are picked as winners of the present series. Each team is to play each other twice, and in a few days the first half of the games will be over.

The Kam Alumni are to put in a soccer team this year in the big league series, which will be started early in December. Allan McGowan is captain of the aggregation and has a strong bunch of players to pick from. Practice will start early in games will be played with the school teams next month.

This afternoon, on the Kam field, the second teams of the Reds and Whites will meet in a baseball game, an dit will be a hard struggle from present outlook. "Eskimo" Kalesili will do the twirling for the Whites, while W. Waialeale will hold down the same position for the Red nine.

A traverse was filed yesterday in the Federal court by Kito Nakahara, the Japanese woman for whom habeas corpus proceedings are being heard before Judge Clemons, in answer to the return of Inspector Raymond C. Brown, filed Thursday. The case has been continued until Tuesday morning next at 10 o'clock.

### OUTRIGGER CLUB WILL HOLD RACES

Ambitious Program of Sports and Social Events for November 4.

The plans for the big events at the Outrigger Club on November 4 are nearing completion. Yesterday \$600 was appropriated to be expended at once on a retaining wall, filling in and completing the big dancing lanai.

J. R. Galt was appointed a committee of one to confer with the ladies who will take charge of the evening of the fourth. Dr. Victor S. Clark was placed on the house committee to live at that body and get it to take up its duties. Ted Melanphy, the club captain, will arrange for the big racing events for the youngsters, which, with the Clark Cup surfing contest, will last all afternoon until chowder time. The following is the proposed sports program:

- 1.—Sailing race. Full course, one mile.
- 2.—Board race. Course, 2-3 mile. Canfield Cup.
- 3.—Two-paddle. To first buoy and return.
- 4.—Canoe and board race. To Moana raft and return.
- 5.—One-paddle race. To first buoy and return.
- 6.—Three-paddle race. Full course, one mile.
- 7.—Six-paddle race. Full course, one mile.
- 8.—To establish junior records.

The above is the plan submitted by the entertainment committee and approved by E. F. Melanphy, captain of the club.

It is proposed to start and end all races at the Outrigger beach, so that all may see every portion of the events, and the youngsters will be given practice in steering and paddling out against the waves, broadside and before them, for, after all, the Outrigger is a surfing club.

### HONOLULU IS SOME PITCHER

Johnny Williams, who was home twirler among the natives of the Hawaiian Islands, hung one on the Seals today in nice shape by a score of 4 to 2. Williams had speed to burn and a fine break on his curve ball that had the Mohlerites guessing for nine frames. A half dozen or so of the Seals were the ozone route, and had Williams' support been up to snuff he would have scored a shutout.

A table has been prepared showing cost of living of Federal employees has increased since the last general increase was made.

Castle and Eklund, Both Winners of Hall Cup, Come Together in Semifinals.

TODAY'S MATCHES.  
At Beretania—  
Castle vs. Eklund.  
O'Dowda vs. Greenwell.

The semi-final round of the Hall Cup tournament this afternoon should bring out the best tennis of the entire event in the Castle-Eklund match, which will be played on the Beretania courts. Although Barnes, whom Castle defeated yesterday, is rated a class above Eklund, the latter is in better training and seems to be playing just as good tennis. The winner of the match has the inside edge to win the tournament, and as Castle and Eklund have each won the cup once, there is an added incentive to each to get his name on again. If Castle can steady himself overhead he should win, but if his volleying from the half court is as uncertain as it was yesterday, Eklund has the advantage.

### Castle-Barnes Match.

The feature of yesterday's round was the match between A. L. Castle and J. H. Barnes, for although the former won in straight sets, he finished with a total of only four games more than his opponent, and there were flashes of really good tennis throughout. Both men were utterly exhausted when they came off the court, Castle saying that in all the tennis he had played in the Islands he had never been up against such oppressive weather. The players were dripping before two games had been played, and their light shirts clung so closely as to actually impede the use of the racquet arm.

Castle's eye was off, and many times he let balls go by, that he could easily have taken in, in the belief that they were going out. On the other hand, he showed better headwork than Barnes, and scored more placements from the net. Throughout the match Barnes did most of the leg work, although in one or two games he had Castle running from one side of the court to the other after balls that just ticked the corner tapes.

Castle's low volleying was very good yesterday, but he will have to be steadier overhead if he expects to owe 15 to young Eklund and beat him. Barnes plays good tennis, but the heat evidently told on him more than on Castle. Toward the latter part of the match he got to hitting all his returns short, so that Castle could cross-court them at the net. This happened time and again when Barnes was running out of court on his backhand corner. This is Barnes' first tournament appearance in Honolulu, and he will have to be reckoned with from now on. He serves with a strong reverse twist, which is most effective in the right-hand court.

Mr. Ogawa, who looks after the Beretania courts when busy defending his title of Japanese champion of the Islands, umpired the second set of the Castle-Barnes argument, and did better than most of the volunteer umpires.

Following is the score by games:

First set—	
Barnes	1 2 4 5
Castle	3 6 7 8 9 10

Second set—

Barnes	1 3 5 7 10 12
Castle	2 4 6 8 9 11 13 14

O'Dowda Pulls Out.  
The O'Dowda-Sinclair match was far closer than the Castle-Barnes affair, but the tennis was of a much slower brand. O'Dowda came into the half court for a few full-arm smashes, but they didn't seem particularly deadly, and for the most part both players stuck to the back line. Sinclair was serving well, but didn't run in to profit by their speed, and O'Dowda managed to get them back somehow without getting much out of place.

The first set went to Sinclair, 7-5, and the second to O'Dowda, 6-3. In the deciding set Sinclair had his young opponent 5-3, but after losing a couple of points on the next game he slammed the balls out of court at a great rate. "He's going to throw this game and win on his own serve," said the wisemen.

But he didn't. O'Dowda took the next four games straight, and the match.

Yesterday's Results.  
Eklund beat Nicholson, 6-3, 6-2.  
Castle beat Barnes, 6-4, 8-6.  
O'Dowda beat Sinclair, 5-7, 6-3, 7-5.  
Greenwell beat Thompson, 6-3, 6-1.

Mary McCarthy, believed to be the oldest person in Massachusetts, died at West Stockbridge, Mass., aged 112 years.

### YAQUI INDIANS USE BULLETS OF GOLD

SAN FRANCISCO, Oct. 2.—Bullets of solid gold were used by Yaqui Indians in fighting against Porfirio Diaz in the recent Mexican revolution according to passengers arriving here today on the steamer Curacao from Mexican ports.

In Mazatlan hospitals, where many wounded were operated upon, discovery of the golden pellets, it was said, was an ordinary occurrence, although few patients had received enough of them to pay the doctor's bills.

### HAWAII-HIGH GAME FOOTBALL FEATURE

The High School football team is out daily, practicing for the coming match with the College of Hawaii, which will take place in a few weeks. Captain Bill Rosa is confident that his team will be much better than last year. In spite of this, enough new material has been gathered together to form a strong team, which will make the other aggregations work some to get goals.

The St. Louis team, which gave the Kams the hardest rub last year in the soccer series, is said to be the strongest bunch on the field this year, and the boys are confident that they can give the Kams a run for their money.

Last year the Kams played seven and won all, which was a remarkable record. If the Saints can repeat this season they will certainly be wonders. Mr. Loomis is in charge of the Grammar School Soccer League this year, and has become popular with the athletes of the different schools. Most of the games will be played at Makiki grounds and at the Kam field.
